### Not feeling well?...

If your child is **coughing, sniffing, sneezing** and/or **not feeling well**, please keep him or her home. A sick child has a difficult time concentrating and he or she may also infect the rest of the class. Give your child time to recuperate and get their strength back before you send them back to school. We want to keep everyone healthy and well. Please make sure we have a current phone on file as well in case we need to contact you during the school day. Thanks!
