PowerSchool

LOG-IN INFORMATION

St. Philip's Lutheran School uses the online gradebook called PowerSchool. This powerful software allows for the gradebook to be maintained by the teacher and viewed online by the parent all at the same time. This is a valuable resource in keeping the lines of communication flowing between the school and the home. Parents may click the link below to be taken to the login page for their PowerSchool account. Your child will also be bringing home instructions on how to log-in to your child's account.

I am very excited to be providing counseling services to the students at St. Philip's again this year. I am a Marriage and Family Therapist employed by Christian Family Solutions (CFS). CFS is an agency that provides many types of counseling, such as individual, family, child and adolescent etc. One unique program that CFS offers is the School Based Counseling Program. This program has a number of counselors who go into various Milwaukee schools and provide mental health therapy to students who are struggling and need support. Essentially, we bring our office to your school! If you would like more information about how to connect your child to services, please email me directly at lreinke@wlcfs.org.
