## **Send Your Child to School Ready to Learn**

A [nutritious breakfast](#) fuels up kids and gets them ready for the day. In general, kids who eat breakfast have more energy and do better in school. Kids who eat breakfast also are less likely to be absent, and make fewer trips to the school nurse with stomach complaints related to hunger.

**BREAKFAST IS SERVED EVERYDAY AT ST. PHILIP'S FROM 7:30AM – 7:55AM**

**Cereal, fruit, graham crackers and milk. All students eat for free!**

Kids also need [the right amount of sleep](#) to be alert and ready to learn all day. Most school-age kids need 10 to 12 hours of sleep a night. Bedtime difficulties can arise at this age for a variety of reasons. Homework, sports, after-school activities, TVs, computers, and video games, as well as hectic family schedules, can contribute to kids not getting enough sleep.

Lack of sleep can cause irritable or hyperactive behavior and might make it hard for kids to pay attention in class. It's important to have a consistent bedtime routine, especially on school nights. Be sure to leave enough time before bed to allow your child to unwind before lights out and limit stimulating diversions like [TV, video games, and Internet access](#).
