## **BE BOLD, BE STRONG**

### **Prayer for the Week**

*"For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future" (Jeremiah 29:11).*

Dear Jesus, this time of year kids of all ages graduate from kindergarten all the way to grad school. Graduation can be a time to reminisce. But graduation is also a time to look ahead toward the future—to the next step on our path to further education or that new job. No matter what age we are and no matter where we are on our path of learning, please don't let us forget that this world and all it offers are nothing next to the plans you have for us. You are preparing our future—a place in eternal paradise—for us, not because we deserve it, but because of the perfect life you lived for us and the suffering and death you endured in our place. No matter what opportunities or challenges may be allowed to cross our path, thank you for the future you are willing to share with us. Amen.

### **REGISTER FOR SUMMER SCHOOL - TIME IS RUNNING OUT**

Take advantage of an AWESOME summer school program right here at St. Philip's! The due date to return summer school registration is **Friday, May 18**. Prevent your child from going through the summer "brain drain" and have them participate in the active, fun, and engaging summer program run by the Center for Urban Teaching. Not only do students receive support and reinforce their academic skills, but they also connect with classmates over the summer, create crafts and art, stay active, and work together to create a collaborative summer school music video. TEACHER  
OF THE YEAR

**FINISH THE YEAR STRONG** – The faculty has been noticing that in the last several days' students have not been completing their homework assignments. There are less than 8 days left of school; however, we must finish strong. Consequences for not completing homework may include missing recess or fun projects. If the problem continues students may miss out on the end of the year field trips. It would be a bummer if that had to happen. Please work with your children's teachers and encourage your child or children to complete their work and possibly even check over it with them to make sure it is finished. Thanks for your help.
